([REDACTED] - GLC) George Murphy, Joint Committee on Atomic Energy staff, called and said the Committee had scheduled its hearings on nuclear testing for the 18th and 19th and would like to have the Agency appear at 2:00 P.M. on the 18th. I reminded Murphy that I had informed the staff that Mr. McCone was unavailable on the 18th and 19th since his confirmation hearings had been set on the 19th. Murphy said he understood this and that Chairman Holifield was informed of this but they hoped that since the confirmation hearings were scheduled for the morning Mr. McCone might still be available in the afternoon. I told Murphy I would pass this information on and be in touch with him.
